Employment of People with Disabilities**

*Promoting employment potential of Delawareans with disabilities*

**Nominations for the 2008  
Employee, Employer, and Service Provider of the Year**

The Governor's Committee has begun preparation for its Annual Awards Program. The program is held each year to honor:

- employees with disabilities in the State of Delaware who are exceptional role models for their peers, and
- employers who have shown dedication and commitment to the practice of recruiting, hiring, and training individuals with disabilities, and
- any public, private, or volunteer agency or community service provider whose services have improved the quality of life for individuals with disabilities in the area of academics or skills training, employment, housing, medical, independent living, or other services.

We would be pleased to have you submit nomination forms regarding the above. From the nominations received, four (4) employees, four (4) employers, and four (4) service providers will be honored. In addition to the Governor's Committee selection of the state award in each category, we will select one winner from each county in each category. As in the past, we encourage you to nominate as many individuals, businesses, or service providers, as you like. Feel free to make copies of the forms. When completing the nomination forms, be as detailed as possible. Attach additional sheets if necessary with detailed descriptions and explanations regarding your nominee. Letters of support for your nominee are welcomed.
