CONFIDENTIALITY POLICY FOR WIA

It is the policy of the Division of Employment and Training that its staff and partners protect the confidentiality of all information regarding our customers to the fullest extent possible.

Separate views of the database have been created so that other agencies and partners can only see those portions of the system that are appropriate to the programs and services they participate in or manage.

Employers will only see information that a customer has put on their resume.

The identity of any individual, who furnishes information relating to, or assisting in, an investigation or a compliance review, including the identity of any individual who files a complaint, will be kept confidential to the extent possible, consistent with a fair determination of the issues.

No information will be given out about any customer unless they have given us written permission to do so.
